COVER LETTER ACTIVITY

A placement cover letter is a formal letter that accompanies a CV in an application for a placement. It should outline who you are and explain why you are interested in the placement.

The aim of your covering letter is to persuade an employer to read your CV, (over the fifty others they may have received), and eventually invite you for an interview. A placement cover letter is a teaser for the main event, your CV. Keep it brief, no longer than 250 words.

Cover Letter Tips

- > TAILOR your cover letter to the placement you are applying for.
- > DON'T forget to proof-read.
- > DON'T undersell yourself. Your cover letter shouldn't be a list of qualities you don't have.
- > DON'T lie about work experience/qualifications.
 - DON'T use cliches, or describe yourself using application buzzwords, such as 'hard working' + 'dynamic'.
- > DON'T overshare. A cover letter shouldn't include any personal information.
- > Ring or email the company that is organising the placement and ask for the name of the person who is tasked with reading the cover letter.
- > Address your cover letter to the manager of the department you will be working in.
- > If you cannot locate the person who handles recruitment, address your placement cover letter to someone who works in HR.
- > As a last resort, address your letter to someone who works in the team you are applying to join.

PARENT/GUARDIAN LETTER

Dear Parent/Guardian,

RE: Placements Programme – Academic Year 2021/2022

I am writing to tell you about an exciting programme that your child/young adult has been chosen to take part in as part of their current study programme regarding Placements beginning in September 2021.

Our Work Placement Team have been working closely with a range of brilliant employers who have chosen Trafford College Group to partner with on this scheme and are offering some fantastic opportunities to our learners.

Need to knows:

- The placement will be a good fit to the learner's course, meaning they will be able to develop the exact technical skills required to work in industry.
- College will assist with travel, lunches and uniforms (if required) for their placement.
- Attendance for the learner's placement is compulsory. Non-attendance will be dealt with through college disciplinary procedures.

What are the benefits of doing a placement?

- Students will improve their ability to gain a job.
- Students will develop their knowledge and skills relevant to their course and future career.
- Students will have greater understanding of what it is like to work in their chosen industry.
- Students will receive coaching and mentoring from a line manager.

Frequently asked questions (FAQs)

What about my child/young adult's part-time job?

- Learners who rely on their part time jobs will not be required to take part in the programme, however if the learner's part time job is relevant to their studies, we can count this as their placement and speak to their employer to assist them in gaining even more experience and responsibility at work. As such, we will require the details of the learner's part time job to assist us in organising this with their employer.

PARENT/GUARDIAN LETTER

What checks will be done to make sure this is safe?

- > The college will run due diligence on all employers for health & safety, insurance and safeguarding purposes.
- > Particular attention will be given to ensuring employers have taken the necessary precautions and assigned risk assessments for Infection Control and Social Distancing following the Covid19 outbreak.

In order for us to organise this opportunity or to exempt your child/young person from the programme, we will require several documents returning to us. Therefore please ensure the Student Agreement Form, Work Placement Application, and if applicable, the Part-Time Work Form are completed and returned with this letter to Beth Robinson.

If you require additional information, please do not hesitate to contact me.

With kind regards,

Each employer will be different, thus the activities each student participates in will vary too. We ask that students are treated as an employee and is provided with the opportunity to participate in assorted activities provided they have been risk assessed and supervision is allocated.

Could I get offered a job?

If you impress the employer during the work placement there may be opportunities for part time or future full-time jobs. However, this is not the main purpose of the work placement and is not a obligation of the employer.

What do I do if I hurt myself at work?

If you have an accident or hurt yourself at work, you need to tell the employer and the Employer Engagement Co-ordinator. This is particularly important if you think it was due to a health & safety risk.

What if I am not given anything to do or I am bored or don't like it?

Take responsibility for your own experience. If you are not provided with specific jobs, then ask – be proactive and enthusiastic. Your expectations may be different from reality – but every experience is a valuable contribution to current study programmes and future progression applications – so make the most of it! In exceptional circumstances or if you would like support to improve your experience then contact the Employer Engagement Co-ordinator.
